LEGENDS AMERICAN GRILL

The ball hits your bat on the sweet spot and you feel the solid contact throughout your body. As the basketball leaves your fingertips, you know it is as good as in. You reach up to grab a touchdown pass while keeping both feet in bounds. Whether we lived these moments once or a hundred times in our youth, or whether we lived these moments through our heroes as Aaron blasted out another run, Starr hit Dowler for another touchdown, or as West hit another miracle shot before time ran out, we dreamed that someday we could be the one who created the magic moments, that we could become a Legend.

Legends American Grill is an idea that was born on the playgrounds of yesterday, when my friends and I were old enough to realize that we probably weren't going to be the next Mantle or Mays, Bird or Johnson, Unitas, Butkus or Sayers. Our idea was to have a restaurant where the menu was large, the servings huge, the food great, the service legendary, and more TV's to watch all the games than anyplace in town.

Welcome to Legends American Grill, where you don't have to be a legend to be treated like one.
